## ERIK THE VIKING CLUES

### 1. How to use these clues:

Listed below are most of the objects, creatures and interesting places in "Erik the Viking". Look down the alphabetical lists until you find what you want to know about, then turn to the numbered entries for it, to find where the thing is and what can be done with it.

Note: a great deal of care has gone into writing these clues, but if they differ from the game in some small detail then the game is right! The clues are strictly copyright (C) 1984 Level 9 Computing.
